📄 Lattes curriculum

Education

M.Sc., National Museum - UFRJ

2025-Current

Department of Anthropology - Archaeology section

Advisor: Prof. Fernando Órphão de Carvalho; Co-Advisor Prof. Fernando Ozório de Almeida

GPA: 2.83/3.00

B.A., Rio de Janeiro State University - UERJ

2021-2025

Portuguese Language and Literature

Research Experience

Center for Indigenous Archaeological Research - NuPAI

2024-Current

Archaeology Department (DARq/UERJ)

At NuPAI, I assisted in cleaning and sorting ceramic materials from the Teotônio and Bananalzinho Bororo/Pantanal sites, under the supervision of Prof. Fernando Almeida.

Linguistics and Education Project

2022 - 2024

Institute of Letters (ILE/UERJ)

The aim of this project was to investigate the link between the potential contributions of Linguistics and their practical implementation in primary and secondary education, particularly within the framework of Labovian sociolinguistics.

In: XLIII Encontro Nacional dos Estudantes de Biblioteconomia, Documentação, Ciência e Gestão da Informação (ENEBD), 2021.

🌱 Fieldwork experience

Teotônio site - Rondônia/Brazil

August 2025

One month excavation under the supervision of Professor Eduardo Goés Neves and Nathália Pinheiro (Doctorate student). During this period I had the opportunity of learning many excavation procedures, including how to open squares, to fill out recording sheets, describe the landscape, and document the materials found within the grids, as well as how to draw the excavation square and its stratigraphic profile. Along with the excavation work, I also assisted Dr. Tiago Kater in conducting interviews with fishermen from the Teotônio Village, as part of an oral history side project on how their lifestyle was affected by the dam that submerged the Teotônio waterfall.

Certificates

Summer School: Linear Algebra	2024
Institute of Mathematics and Statistics (IME/USP)	

Phonetics of Brazilian Portuguese	2022
Taught by Prof. Thaís Cristófaró Silva (UFMG)	

Volunteering

Brazilian Linguistics Olympiad - OBL	2023-Current
The Brazilian Linguistic Olympiad is a national competition where problems involve different languages of the world, including Indigenous and other minority languages, and demand reasoning, linguistic intuition and general knowledge to understand and work with different linguistic phenomena.	
As a committee member, I supported logistics by testing and administering exams, handling administrative tasks, and strengthening connections with teachers and schools across the country, particularly those outside major metropolitan areas.	

XXI International Linguistics Olympiad - IOL	2024
The 21st edition of IOL happened, for the first time in the southern hemisphere and in Latin America, in the city of Brasilia/Brazil. I was part of the support team and contributed to organizing the event over the course of a year.
